

AgreeYa's IT Staffing Services helps businesses rapidly respond to changing requirements and scale to meet changing business and technology demands.

AgreeYa Solutions provides high quality staffing services for information technology projects for companies throughout the world; from emerging business ventures to Fortune 500 companies.

AgreeYa provides *the right talent - at the right time* – to enable our customers to meet their IT staffing needs. Our service offerings include Temporary Staffing, Contract-to-Hire, and Managed Staffing. Our consultants provide the skills and expertise to support Infrastructure Management, Packaged Software Solutions, Custom Application Development, and Product Development efforts.

Our team screens and interviews all candidates to determine their technical capabilities, the relevance of their experience for a specific role, and cultural fit within our customers' organizations.

AgreeYa's consultants fill all Information Technology roles for our customers, including:

- Project Managers
- Business Analysts
- Technical/Functional Consultants
- Software Developers
- Network Administrators
- System Administrators
- Database Administrators
- Certified Security Professionals
- Software Testers
- Trainers
- Technical Writers
- AML Compliance Analysts

AgreeYa's consultants bring technical skills across all technology platforms and toolsets; from leading edge technologies to legacy systems tools. Our focus is to find the best technologists to help our clients achieve their goals.

SUCCESS STORIES

IT Staff Augmentation for a National Wireless Telecommunications company

AgreeYa Solutions is a top 20 information technology staff augmentation provider for one of the largest wireless telecommunications firms in North America, which has 40,000 employees and in excess of \$20 billion in revenue. Our relationship began in 1999 and this company remains as one of our largest customers. AgreeYa delivers services for the company on a nationwide basis, including providing resources in California, New Jersey, Ohio, Texas, and Washington. The services consist of web based/ e-business application development and deployment; ERP implementation, migration, upgrade, support, and customization; software training; database and network administration and support; business process analysis; project management; and system security.

Application Testing for a large Wireless Communications provider

AgreeYa Solutions was selected as one of 10 Tier One information technology staff augmentation partners for a leading global systems integration firm. Over a seven year period, AgreeYa has provided this systems integrator with more than 500 information technology professionals to assist in the delivery of projects across multiple industries, geographies, and technology solutions. The services consist of web based/ e-business application development and deployment; ERP implementation, migration, upgrade, support, and customization; software training; database and network administration and support; business process analysis; project management; and system security. AgreeYa Solutions has consistently achieved a high performance and quality rating conducted as part of this integrator's supplier services programs.
